

AMS: PEACE OF MIND FOR YOUR DATACENTER

AXIOM MAINTENANCE SERVICES

For over 25 years, Axiom has been a leading hardware solutions provider with a proven track record of helping businesses build IT infrastructures. With a strong understanding of IT hardware, Axiom can help bolster the longevity and performance of your IT infrastructure with our third-party maintenance offering, Axiom Maintenance Services (AMS).

Cost Savings

Significant cost savings over OEM maintenance contracts

Consolidated Vendor Management

Guaranteed multiple vendor support all in one place

Flexibility

Customized coverage with rapid response time

- **Hardware Maintenance:** Preventative maintenance, repairs, and replacements for servers, storage devices, and networking equipment.
- **Software Support:** Assistance with Firmware upgrades and security patches when applicable.
- **Remote Monitoring:** Proactive monitoring of your systems to identify and resolve potential issues before they escalate.
- **On-Site Support:** Rapid response to critical issues requiring on-site expertise.
